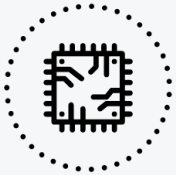
Dasharo Entry Subscription



Special Updates

Early access to updates enhancing privacy, security, performance, and compatibility. More frequently than community releases with transparency of reproducible binaries, clear signature chains, and an open source code supply chain.

Exclusive Newsletter

Comprehensive and meaningful release notes, in-depth feature documentation, and Software Bill of Materials (SBOM) details. Clear initial deployment and update procedures with full access to test results and logs.

DASHARO
ENTRY SUBSCRIPTION

Premiere Support

Personalized, priority assistance directly from the Dasharo Team. Technical queries resolved promptly and precisely.

Roadmap influence

Influence the direction and development of new features, ensuring our firmware evolves to meet your specific needs and industry trends.

Ontwikkelaar port bios-alternatief Coreboot naar MSI Pro Z690-A-moederbord

Een ontwikkelaar heeft Coreboot geport naar een consumentenmoederbord voor Alder Lake-processors. De ontwikkelaar wist een MSI Pro Z690-A WiFi DDR4 te voorzien van het opensource bios-alternatief. Binnenkort verschijnt een firmware-distributie voor het bord.

MSI PRO Z690-A DDR4 motherboard with DSE + CH341A Recovery Set

374,00 € – 494,00 €
(ex. VAT)

Overview

Bringing Dasharo open-source firmware distribution to the MSI PRO Z690-A DDR4 motherboard.

Please note that this is the platform without additional components. The Full PC Build version is available here.

This platform is DDR4 version only, without WiFi.
Product nr: 911-7D25-032

1 year Dasharo Supporters Entrance for Desktop

60,00 €
(ex. VAT)

Overview

Bringing Dasharo open-source firmware distribution to the Desktops.

This packet includes the Dasharo Tools Suite Supporters Entrance.

The subscription includes:

- Access to newsletter with the latest Dasharo releases issued by Dasharo Team.
- Special Dasharo Updates for Supporters – Community receives one update per year, but Supporters are not limited to it. Number of updates depends on the number of Dasharo Subscriptions sold and the availability of other funding (e.g., NLNet, corporate sponsors, community donations).
- Dasharo Premier Support through invite-only Matrix channel where we often gather Supporters opinion and share exciting news about Dasharo direction.
- Insider's view and influence on Dasharo features roadmap – you can have a real impact on Dasharo development.

Supporters Entrance access	1 year (Add 60,00 €) Clear

3mdeb benefits

3mdeb benefits

Amplified Scalability

With Dasharo Revenue Sharing, 3mdeb capitalizes on synergies between various hardware configurations and vendors. This centralizes and streamlines open-source firmware development and support, quickening time-to-market, and potentially reducing costs.

Efficient Bug Resolution

The program consolidates bug reporting to a single point, eliminating the need to resolve the same issues across different vendors. This drives efficiency and accelerates issue resolution.

Revenue Sharing Program

Extended Support

Dasharo Revenue Sharing allows 3mdeb to support hardware even post-discontinuation by CPU vendors or ODMs.

Focused Expertise

3mdeb leverages its deep understanding of Dasharo and the open-source firmware ecosystem, ensuring all efforts and resources are concentrated on areas of its proven expertise.

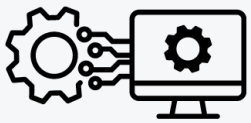
Revenue Diversification

The Dasharo Revenue Sharing program allows 3mdeb to diversify its revenue streams, reducing reliance on single clients or projects, and ensuring the financial stability and sustainability of the company. This benefits both 3mdeb and its customers by ensuring the longevity of the support and services provided.

Responsible Stewardship

3mdeb, through the Dasharo Revenue Sharing program, embodies responsibility by proposing and implementing sustainable business models that foster the growth and longevity of the open-source firmware ecosystem.

CC-SA-4.0 | Piotr Król



Mutual Technological Development

Partnerships enable shared knowledge and cooperative development, leading to advancements in open-source firmware technology.

Focused Expertise

By partnering with projects in their areas of expertise, Dasharo Team can drive innovation and create more effective and secure firmware solutions.

Community Building

The program fosters a sense of community among open-source firmware developers, promoting collaboration and shared success.

Revenue Generation

The program offers an avenue for projects to generate revenue, helping them sustain their operations and growth.

Supporting Partner Program

How to join

To join any of the Dasharo programs, you need to contact 3mdeb directly. Whether you're interested in the Dasharo Entry Subscription in general, Dasharo Revenue Sharing, or Dasharo Supporting Partner Program, 3mdeb is your point of contact.)

- When reaching out, we will ask for:
  - The specific hardware you're using or interested in
  - The estimated annual volumes
  - The Dasharo or open-source firmware version you're interested in
- Contact Information
  - Email: contact@3mdeb.com
  - Website: 3mdeb.com/contact
